SPONSORING GROUP: \_\_\_\_\_

SCHOOL SERIES LOCATION: \_\_\_\_\_

STATE FLOWER SHOW SCHOOLS CHAIRMAN: \_\_\_\_\_

LOCAL SCHOOL SERIES CHAIRMAN: \_\_\_\_\_

The following plant groups, listed under two categories, required and optional, are to be selected in the order of school preference by the State/Local Flower Show Schools Chairman based on course scheduling and differing regional and seasonal growing conditions. Combination Plantings must be taught in Course III. Collections and Displays must be taught in Course IV.

**Required Plant Groups** to be taught in Courses I-IV are:

- |                            |   |
|----------------------------|---|
| 1. Annuals/biennials.      | 4. Container-grown plants, flowering/fruited. |
| 2. Perennials, herbaceous. | 5. Container-grown plants, foliage.           |
| 3. Perennials, woody.      | 6. Bulbous plants.                            |

**Optional Plants and Plant Groups** include:

- |                                     |   |
|-------------------------------------|---|
| 1. Fruits, vegetables, nuts, herbs. | 4. Cacti and Succulents.                              |
| 2. Roses.                           | 5. Others, approved by State Flower Show Schools Chm. |
| 3. Vines.                           |   |

**The above sponsor of a new Flower Show School Series, would like to advise the NGC Area Accrediting Chairman of the order in which they plan to study the designated Plant Groups.**
