HISTORY OF THE BLUE STAR MEMORIALS

At the close of World War II, National Garden Clubs (called National Council of State Garden Clubs at the time), like other public-spirited groups, were seeking a suitable means of honoring our service men and women. Garden Club members visualized a living memorial, preferring to help beautify and preserve the country these men and women had fought for, rather than build stone monuments in their honor.

In 1944, Mrs. Lewis M. Hull, Garden Club of New Jersey President and future NCSGC President, and Mrs. Vance Hood, Roadside Chairman, had an inspired idea. One thousand flowering Dogwood trees would be planted along five miles of highway, that had been designated the Blue Star Drive by the Legislature. No billboards were to be allowed on the memorial stretch. The project was named for the Blue Star in the service flag, which hung in windows of homes and businesses to honor service men and women.

The guest speaker at the 1945 National Council of State Garden Clubs Annual Meeting in New York City was Spencer Miller, New Jersey's State Highway Commissioner, who had helped to implement the New Jersey project. He proposed that the program be adopted by NCSGC. At the 1945 Fall Semi-Annual Meeting, the project was approved. A "ribbon of living memorial plantings traversing every state" called The Blue Star Memorial Highway Program was adopted at the 1946 Annual Meeting in New Orleans. In 1947, Mrs. Frederick R. Kellogg (NCSGC President 1930-1933) designed a Marker that would identify the highways.

Clubs responded enthusiastically, with Rhode Island receiving the first endorsement. After official approval of the site, garden clubs would purchase Markers and planting materials. Highway Departments would plant and maintain the area. This was the first program undertaken by garden clubs on a national scale.

While it originally began to honor World War II veterans, it enlarged its mission in 1951 to include all men and women who had served, were serving or would serve in the Armed Forces of the United States.

The need for an extension of the program to accommodate other than dedicated highways became apparent. As a result, a smaller By-Way Marker, to be placed in areas such as parks, civic and historical grounds, was approved at the 1981 convention in Atlanta. This Marker was changed at the 1994 convention in Connecticut to be more descriptive by including the words "A tribute to the Armed Forces of America."

A third Marker had been added at the 1996 convention in Michigan. This Marker was identical to the original Blue Star Memorial Highway Marker, except for the removal of the word "Highway." This change allowed the Marker to be placed on the grounds of a National Cemetery or Veterans Administration Centers. At the 2004 convention in St. Louis, the scope of this Marker was enlarged to include other appropriate civic locations.

- ★ **The tribute line on the blue star highway and memorial markers is *A tribute to the Armed Forces who have defended the United States of America*.** This appears on all Blue Star Highway and Memorial Markers.
- ★ **The tribute line on the blue star memorial by-way marker is *A tribute to the Armed Forces of America*.** This appears on all Blue Star By-Way Markers.

BLUE STAR POINTS OF INTEREST

The importance attached to the Blue Star Memorial Marker Program was underlined when the NGC President's pin, designed in 1952, contained seven diamonds and one large sapphire symbolic of the program.

The first year after the program was adopted in 1946, seven states led by Rhode Island, had joined the Blue Star Memorial Highway system. By 1949, 33 of the 41 state garden clubs had established routes and more than 16,000 miles had been dedicated.

For the 1949 20th Anniversary Celebration of NGC (NCSGC at the time), a grove of giant redwoods had been purchased as an anniversary gift. The grove is located at what was then the western terminus of the Blue Star Highway in Humboldt County, CA.

HISTORY OF THE BANNER

Since WWI, a Blue Star Banner displayed in the front window of a home told others that a family member was serving in the Armed Forces. Captain Robert B. Quieser, an Ohio National Guard veteran of the Mexican Border, (1916) is credited with designing the original flag. In 1917, the Congressional Record stated, "The world should know of those who give so much for liberty. The dearest thing in all the world to a father and mother...their children."

Also known as the Service Flag, the blue stands for hope and pride. When service members lost their lives, the blue star was replaced with a gold one representing the sacrifice. A silver star stood for someone incapacitated at home from the wounds sustained overseas.

The flag made its appearance again in WWII. On October 17, 1943, Congress authorized this flag that was approved as an official design.

Although the service flags virtually vanished during the Korean and Vietnam wars, they appeared again during the Persian Gulf War in 1991, the Iraq War and the War on Terror.

HISTORY OF GOLD STAR FAMILIES

Gold Star Families is a 501(c) (3) not for profit organization created to provide support to those who have lost a loved one in service to our country through the United States Armed Forces. All family members representing all conflicts, all branches of service and all circumstances of death are supported. Family members are referred to as Gold Star, families of the fallen and/or survivors.

Their mission is to offer honor, hope and healing through remembering fallen heroes by coming together for various events. While their hero paid the ultimate sacrifice for our freedom, survivors live daily with the pain of this sacrifice. Gold Star families endeavor to provide an atmosphere of emotional and psychological conduit for healing. One way we accomplish this is by providing embroidered memorials for every fallen hero to their surviving family members.

Many people do not know the significance of the Gold Star banner and its meaning. Their organization is committed to educating others on this important symbol and how to respond properly when meeting someone who has lost a loved one in service to our country. The name Gold Star came from the custom of families of servicemen hanging a banner called a service flag in the window of their homes. The service flag had a star for each family member in the United States Armed Forces. Living servicemen were represented by a Blue Star, and those who had lost their lives were represented by a Gold Star.

Gold Star Families believe in giving back to their families. An annual scholarship is given to a Gold Star family each year. Additionally, a vegetable garden is grown where all the produce is donated to local veterans and their families.

SHIPPING INFORMATION FOR ALL MARKERS

1. SEWAH STUDIOS should be given a shipping address where there is someone at all times, during normal business hours, **to accept shipment**. Shipping to the **ATTENTION of an INDIVIDUAL is helpful**.
2. **Highway and Memorial Markers must be shipped to a commercial address**, not to a residential address, because of the difficulty large motor freight carriers may encounter on residential streets.
3. **By-Way Markers** may be sent to a residential address. They are delivered by UPS and should not be consigned to a post office box or rural route.
4. **When a Dedication Date is known in advance of 12 weeks, Sewah will commit to delivering the Marker by making a “ship by” commitment date. Orders with no Dedication Date will be prioritized based on production workload estimation of 4-6, 6-8 or 8-12 weeks. If and when there is no Dedication Date (“uncommitted”) orders go beyond Sewah’s estimate, Sewah will notify each customer with a status of their order and either commit to a future date or provide a new estimate. December through March are the slow months and a good time to order your Markers.**
5. **When shipment arrives:** It is the responsibility of the recipient to unwrap and inspect the Marker **for shipping damage, only, BEFORE** accepting delivery. If the Marker has arrived without scratches, dings, gouges or breakage it should be accepted. However, if the Marker is accepted without inspection and shipping damage is discovered later, Sewah Studios will not be responsible. Contact Sewah Studios immediately at (740) 373-2087.
6. Do not detain the driver while proof reading the Marker for **content**. If later an error is discovered, Sewah Studios will correct it. The Marker may, in this case, be sent back to Sewah Studios collect. **Sewah Studios guarantees the accuracy and quality of workmanship of their product.**
7. Sewah Studios five-year warranty covers the Marker finish against peeling, chipping, cracking, and significant fading. The Warranty is void if the Marker is not restored by Sewah Studios. Structurally, the Markers should last for decades. A switch was made to a powder coating process in 2013 and Sewah strongly believes, from salt testing results, that the paint durability will double if not triple its intended life.
8. The only time to call Sewah Studios direct is for the Restoration of a Marker. Please call your NGC Blue Star and Gold Star Families chairman with any and all questions about application process and delivery of all Markers. Most questions can be answered by reading the 2018 NGC GUIDELINES publication.
9. **States west of Minnesota, Iowa, Missouri, Arkansas and Louisiana must add \$50.00 extra for shipping fee on large Markers. There is no extra charge on the small Markers.**

INSTALLATION OF MARKERS

1. The Blue Star Marker and Gold Star Families Marker are delivered with eight setscrews in the mounting base of the Marker. Once the Marker is placed on the post, installation is completed by tightening these setscrews using an Allen wrench. Proper Marker alignment is achieved by adjusting the mounting screws.
2. All posts are made of extruded aluminum. The 7-foot, octagonal post is designed for a 36 inch insertion in the ground. To install, dig a hole 3 feet deep, approximately 12 inches in diameter, with a post-hole digger. Place the post in the center of the hole and use a level to plumb. Place the dirt back in the hole tamping it tightly around the post as the hole is filled. Fill to about 6 inches below the surface. The hole can be filled with cement, but it is not necessary and complicates removal if it needs to be replaced.
3. If using cement, cut the bottom out of a 5-gallon plastic bucket and place it down over the post to create a form for the cement. Fill the top of the hole with cement and bring the level up about 4 to 6 inches above the ground. This will give a round curb around the base to help keep mowers clear.
4. Set the Marker on the post, tighten the setscrews and installation is complete.
5. A simple procedure can be done to **theft-proof** the Marker. After the setscrews are adjusted and the Marker is precisely positioned, use an electric drill to ream the flat surfaces out of the inside of the setscrews. Once this is done, the only way to get the Marker off the post is to drill the setscrews out completely. Most thieves will not risk being caught while doing this.
6. Marker installation is quick and simple. One person can do it with no problem.

NO OTHER INSIGNIA, SIGN or EMBLEM OF ANY KIND may be attached directly to the memorial marker or the post. In addition, changing the color of the markers is strictly prohibited.

NOTE: Sewah Studios Marker posts are not designed to be installed in the right-of-way of state or federal highways. They are not breakaway posts and are recommended to be installed at least 50 feet from the highway. (Information received from Brad Smith, President of Sewah Studios.)

PLANNING THE DEDICATION

DO NOT SET A DATE FOR THE DEDICATION UNTIL ASSURED THE MARKER WILL ARRIVE ON TIME. Please allow **10-14 weeks or more** for delivery of the Marker from the time the **order is received** by Sewah Studios. After setting the dedication date, proceed with invitations and program.

As soon as possible, send invitations to NGC President, NGC Blue Star/Gold Star Memorial Chairman, State Blue Star/Gold Star Memorial Chairman, Gold Star Families President for Gold Star Families Markers, State President, District Director, State Executive Board, local garden club members, organizations involved in the project, appropriate city or state officials and veterans groups.

Invitations should include date, time, place, sponsoring group, travel instructions and an RSVP name and address. The club may wish to include a brief description of the Blue Star or Gold Star Families Memorial Marker Program or club's Blue Star or Gold Star Families Project. To insure a well-attended event, allow enough time for busy schedules and travel time.

The club may also arrange for publicity and a printed program, if desired.

DEDICATION FOR BLUE STAR MEMORIALS

We are here to pay tribute to our Armed Forces. While we go about our daily lives or while we sleep, the men and women in our Armed Forces fly our skies, sail our seas and guard our shores, ensuring our safety.

They stand ready at a moment's notice to defend our Country. We must not forget them, and, WE DO NOT! WE REMEMBER with every step of the Honor Guard at the Tomb of the Unknown Soldier. WE REMEMBER with every drumbeat on the Fourth of July.

When we Pledge Allegiance to the Flag of the United States of America, WE REMEMBER, at the sound of Reveille, WE REMEMBER and as the last lingering note of Taps resounds in the distance, WE REMEMBER.

In REMEMBERING today, we dedicate this Blue Star Marker to the honor and glory of all those men and women who have served, are now serving, and will serve in the Armed Forces of this great Nation.

It is with pride that the National Garden Clubs, Inc. joins with _____ to perpetuate our Blue Star Memorial Marker Program with this Marker that stands as a symbol for

DEDICATION FOR GOLD STAR FAMILIES MEMORIAL MARKERS

We are here today to honor our Gold Star Families. While their Armed Forces Family Members were serving our country, their loved ones made the ultimate sacrifice. As a result, their survivors live daily lives with the pain of this sacrifice.

Gold Star Families endeavor to provide an atmosphere of emotional and psychological conduit for healing. These families are committed to educating others on how to respond, properly, when meeting someone who has lost a loved one in service to our country.

Today, let's remember the Gold Star families whose children will never know their father or mother, aunt or uncle; or the husband who will never hold their newborn child; and the parents who will never see their sons and daughters again.

WE MUST REMEMBER.

CARE OF THE MARKER

At the 2007 National convention in Boston, the NGC Board approved a recommendation to have the center rust spot deleted from the manufacturing process on all Markers.

This spot was the first part to become faded and many felt it should be removed.

SEWAH STUDIOS advises using mild soap and water to brighten letters on all Markers.

UNITED STATES OF AMERICA NATIONAL ANTHEM

THE STAR SPANGLED BANNER

Words by Francis Scott Key - 1814

Music by John Stafford Smith – 1780

Oh, say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars thru the perilous fight,
O'er the ramparts we watched were so gallantly streaming?

And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does that star-spangled banner yet wave,
O'er the land of the free and the home of the brave?

On the shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals, half discloses?

Now it catches the gleam of the morning's first beam,
In full glory reflected now shines in the stream:
'Tis the star-spangled banner! Oh long may it wave,
O'er the land of the free and the home of the brave.

And where is that band who so vauntingly swore,
That the havoc of war and the battle's confusion,
A home and a country should leave us not more!
Their blood has washed out their foul footsteps' pollution.

No refuge could save the hireling and slave,
From the terror of flight, or the gloom of the grave:
And the star-spangled banner in triumph doth wave,
O'er the land of the free and the home of the brave!

Oh! Thus be it ever, when freemen shall stand,
Between their loved home and the war's desolation!
Blest with victory and peace, may the heav'n rescued land,
Praise the Power that hath made and preserved us a nation.

Then conquer we must, when our cause it is just,
And this be our motto: "In God is our Trust."
And the star-spangled banner in triumph shall wave,
O'er the land of the free and the home of the brave!

PATRIOTIC SONGS

AMERICA, THE BEAUTIFUL

Words by Katherine Lee Bates

Music by Samuel A. Ward

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea!

O beautiful for pilgrim feet,
Whose stern impassioned stress,
A thoroughfare for Freedom beat
Across the wilderness
America! America!
God mend thine every flaw
Confirm thy soul in self-control,
Thy liberty in law!

O beautiful for patriot dream,
That sees beyond the years,
Thine alabaster cities gleam,
Undimmed by human tears,
America! America!
God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea!

GOD BLESS AMERICA

Words and Music by Irving Berlin

God bless America,
Land that I love,
Stand beside her and guide her
Through the night with a light from above.
From the mountains, to the prairies
To the oceans white with foam,
God bless America
My home, sweet home,
God Bless America
My home, sweet home.
