NGC Gardening School

Objectives

All gardeners can become accomplished horticulturists. To assist its members in achieving this goal, National Garden Clubs, Inc. created the Gardening Schools. A school is a series of four two day courses designed to:

- Stimulate interest in the growth of plant materials to their peak of perfection.
- Give the student an understanding of how and why a plant grows.
- Teach soil structure and methods for making the soil more productive.
- Provide an understanding of plants' reactions to certain weather conditions and how to modify these conditions to encourage optimal growth.
- Provide an understanding of commercial and natural fungicides and pesticides, growth regulators, and other chemicals used in general horticultural procedures.
- Illustrate methods for rapid propagation.
- Offer plant identification instruction.
- Explore growing techniques for garden plants, vegetables, fruits, houseplants, trees, shrubs, and specialized styles of gardening.
- Develop a respect for and appreciation of plants and their roles in our lives and activities.

Gardening Schools provide current information to those interested in horticulture and related topics. The curriculum has been developed by National Garden Clubs, Inc. (NGC), and is customized by the course instructors. Classes are open to the public as well as garden club members. Garden club members who complete the series of four courses (and pass the exams) are certified as NGC Gardening Consultants.

NGC Gardening School

Series __, Course __ - (Date)

Registration is limited to (#):

- __ Students taking Exams
- __ Refreshing Consultants

Registration is limited to _____ state residents until (Date)

Deadline for Registration (Date)

PARTICIPANTS MUST HAVE A DESKTOP OR LAPTOP COMPUTER, TABLET, IPAD WITH AUDIO AND VIDEO CAPABILITY. PARTICIPANTS MUST ATTEND A TEST/PRACTICE SESSION TO TEST THEIR ABILITY TO USE ZOOM AND DO A TEST CHECK THE WEEK BEFORE; DATE TO BE ANNOUNCED WITH REGISTRATION CONFIRMATION.

General Information: *The Consultant Certification Card is issued to NGC members after they have completed Gardening School Courses 1-4 with a passing grade of 70 or more on every exam. These four courses must be completed within seven years. Exams are optional. However, if you wish to be an accredited Gardening Consultant, you must take the exams. After passing two courses, a student may become a Provisional Consultant and join a Gardening Consultants Council. To remain in Good Standing, every five years Gardening Consultants must continue their education by attending a GS Refresher or a GS Course, no exam required. After a Consultant's fourth refresher, the Consultant becomes a Master Consultant. Consultants or Master Consultants may earn refresher credit only once within a calendar year.*

All students are required to read *The National Gardener*. www.gardenclubs.org
