

YOUTH SCULPTURE CONTEST

MADE PRIMARILY OF RECYCLED, REPURPOSED, REUSED, MATERIALS

4th Grade 1st place

Camara Smith

Corbin Garden Club

Kentucky

Because this was a garden club entry, I decided to use a flower for my project. Materials used were scrap material in my home and community.: egg carton, aluminum foil, candy wrappers, paper towel roll and plastic tubing.

5th Grade 1st place

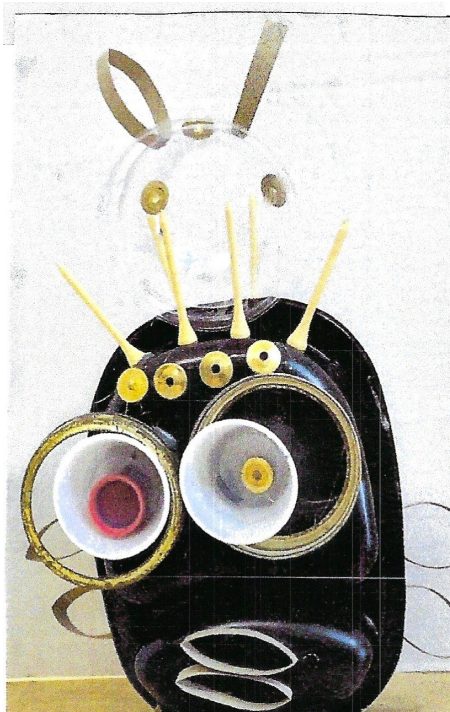

Caitlin Neuuah
Green-Walled Garden
Club, Maryland

Reindeer

I used an empty soda bottle and a yogurt container to create the armature of my reindeer.

Giant wooden popsicle sticks became the legs. I applied a layer of brown paper towels over the

Entire deer, once dry I brushed paint all over to make it look like fur. I did glue real fur in the neck and tail.

6th Grade 1st place

Bryson Islar

Palmetto Garden Club, South Carolina

A Squalid – anything can be art

Materials used: tray, sticks, cup tops, soda tops and cup bottoms

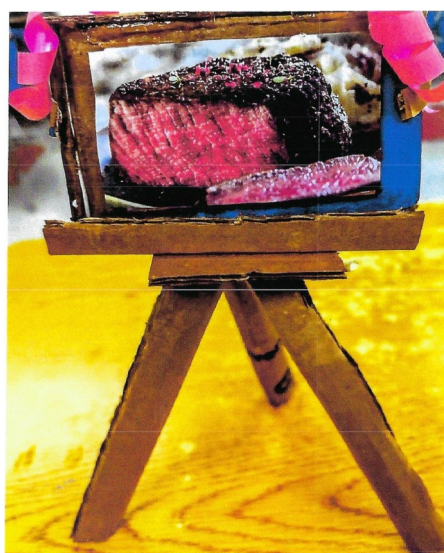

7th Grade 1st place winner

Skylar Boyle

A&M Garden Club Texas

Mother Nature

Gaia is the Greek Goddess of nature and Earth. She is surrounded by critters and insects. She is telling children of the world to take care of the planet.

8th Grade 1st Place

Jordan Steedley

Palmetto Garden Club,
South Carolina

A camera that can hang from your neck and also has a tripod. Made of card board tape glue and pink ribbon. Note the photo in the camera's lens.
