

Sewah Studios Shipping Policy *(updated June 2026)*

Regarding **ALL** Blue Star/Gold Star Memorial and Memorial Highway Marker shipments: Sewah Studios price includes “Pre-Paid” freight to a manned commercial location with a confirmed **LOADING DOCK or FORKLIFT**. This commercial shipping location must be open M-F during normal business hours with semi-truck access. Any other address that does not have a confirmed **LOADING DOCK or FORKLIFT** will need to pay the additional handling fee of **\$200.00**. This fee includes a scheduled appointment along with an electronic liftgate for unloading at either a residential or business. Because of the size and weight of these Markers, an additional freight cost to deliver these markers to those states that are west of the Mississippi River will require an additional **\$300.00** to cover the extra cost of shipping to the west coast.

Dedication and Delivery Expectations

Allow 24 weeks (6 months) for delivery after Sewah Studios receives the application and check. In addition, if you have a specific dedication date, be sure to build in plenty of time to be certain you will have the Marker delivered by that Dedication date and, in order for the Marker to be mounted and placed in the designated location in a timely manner.

Open and inspect the marker as soon as it is received. If the Marker is delivered to a business, impress on them that if the Marker is stored unopened, and later found to be damaged, Sewah Studios will NOT accept responsibility for the damage. It must be reported to Sewah Studios immediately.

After your Marker is installed, Sewah Studios suggests that the bolts be filed down so that they cannot be easily removed. It is unfortunate that some of the Markers have been stolen and sold for scrap.
